BEYOND THE BROADBAND

ONLINE IS HERE TO STAY

Covid-19 redefined the way we work and meet. It was during the first series of coronavirus lockdowns in 2020 that we came up with Beyond the Broadband, our unique group events and individualised workshops that build skills and help you maintain a positive mindset.

If you're unable to access our face-to-face supports, Beyond the Broadband is always here to keep you engaged, in the comfort of your own home.

IMMENSE VARIETY OF ACTIVITIES

Thanks to our experienced support staff from all walks of life, you can expect a truly diverse array of things to do, including:

- Enjoy drawing and painting? Get creative with our team or hobby artists and let your imagination soar.
- Love looking fabulous? Book in with Krishelle, a professional makeup artist and get ready to transform yourself!
- Just wanna dance? Sweat it out with ex-hip hop dance choreographer Jude and move maker Anayka and turn your bedroom floor into the dancefloor!
- Just love to game? Flip the switch and get your competition on with our gamers Jake, Lachlan and Chantal.

JOIN THE CLUB

Sometimes all we want to do is get comfy and watch our favourite movie or TV show with some friends. Beyond the Broadband has got you covered with our movie clubs, book clubs, gaming sessions and our weekly socials where we teach you creativity, teamwork, motor skills and efficient communication.

BY YOUR SIDE

As the experience of 2020 has shown us, it's important to have that piece of mind, knowing someone who cares about you is not far away. We provide general phone support, video calls and online support throughout the year, aligning our sessions with your NDIS goals.
